

## ARTime BARRO Firing Agreement

I hereby consent and choose to fire my ceramic pieces and art at ARTime BARRO Laguna Beach in their kiln. I am aware that any damages done in the kiln do not hold the owners and or employees of ARTime BARRO responsible. I leave full control as to how they will load my pieces into their kiln with their expertise. I am also aware of all repercussions of the nature of firing clay ie: shrinkage, warping, and running of glaze. I also consent that the pieces are fully dry and ready to be fired and/or the bottoms have been cleaned off (unless already mentioned the state of the clay with the owner or employee). And lastly I consent that the clay and glaze used on my pieces are CONE 5.
